WORK EXPERIENCE

Web Developer | Eclerx

November 2024 – Present

Full-Time

- Developed and delivered 100+ responsive websites, including new builds, redesigns, WordPress-to-Duda migrations, and complete website rebuilds for clients across various industries.
- Optimized on-page SEO and website performance as part of every build and migration, improving search visibility and load times ahead of launch.
- Performed comprehensive Quality Assurance (QA) testing to ensure functionality, responsiveness, accessibility, and cross-browser compatibility before every website launch.
- Collaborated directly with clients to implement revisions and deliver solutions aligned with their business and SEO goals.

Customer Service Representative | Concentrix

August 2023 – October 2024

Full-Time

- Provided extraordinary client service by addressing requests, resolving complaints, and handling orders.
- Conducted investigations to identify and resolve client issues with products or services.
- Demonstrated strong verbal and written communication skills in client interactions.

Web Developer | Web Designer | Heart&Skills

2022 – 2023

Part-Time

- Specialized in WordPress and Webflow, building robust, visually appealing, and SEO-friendly websites that exceeded client expectations.
- Designed visually engaging websites with seamless integration of creativity and functionality for exceptional user experiences.

Graphic Designer | Jerskie G&D

June 2022 – June 2023

Full-Time

- Created visually compelling designs and layouts using Adobe Illustrator and Photoshop.
- Collaborated closely with clients to understand and surpass their design expectations.
- Managed multiple design projects effectively, consistently meeting tight deadlines.

EDUCATION

Bachelor of Science in Information Technology

Surigao del Norte State University | 2018 – 2022
